Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 16 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet start turning dry and bright. Mild.

Today:
A wet start to the day with spells of rain affecting most of the country. Rain gradually easing with clouds breaking for a dry and sunny afternoon. Breezy in the afternoon but feeling warm in the sunshine. Maximum temperature 15 deg C (59 deg F).

Tonight:
Staying dry during the evening and overnight with clear spells and light winds. Cloud will move in from the southwest by dawn. Feeling chilly. Minimum temperature 1 deg C (34 deg F).

Wednesday:
Dry on Wednesday with early morning fog and low cloud clearing quickly with sunny spells to follow across the country. Cloud building later in the west. Feeling mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Thursday to Saturday:
Largely dry and cloudy on Thursday with bright spells in the day and scattered showers later. Mostly cloudy with some showers possible for Friday and Saturday. Mild, turning colder.
